PROFILE

Java developer with nearly 3 years of experience participating in all phases of the software development lifecycle, from development to deployment and support. Experienced in creating customized frontends and debugging backend services using Java, JavaScript, Troubleshooting and PL/SQL. Design, develop Infosys Finacle platform. Possesses excellent problem-solving skills, strategic implementation skills, and a strong understanding of industry-standard development practices.

EXPERIENCE

Senior System Associate— Infosys limited, Bangalore

JULY 2022- PRESENT

- Designed and developed Finacle solutions using Java, JavaScript, and PL/SQL, showcasing platform expertise and functionality.
- Customized Finacle applications, enhancing system efficiency by meeting specific business requirements through proven track record.
- Identified and resolved Finacle-related issues, ensuring optimal system performance with adept troubleshooting skills.
- Programmed APIs for seamless communication between Finacle and external systems, contributing to enhanced overall functionality.
- Collaborated with software development and testing teams to design and develop robust Finacle solutions, meeting client requirements effectively.
- Engaged with clients for feedback, leading to iterative enhancements and increased satisfaction.

Operation Executive Trainee, Infosys limited, Bangalore

DECEMBER 2021 - MARCH 2022

- Trained in Java Full Stack development, focusing on HTML5, CSS, and JavaScript for front-end and Java 11, MySQL, Spring Boot, and REST APIs for back-end.
- Participated in hands-on projects, building services and persistent layers with Spring Boot.
- Gained experience in agile methodologies through collaborative team efforts.
- Attended training sessions to enhance understanding of industry processes and best practices.
- Assisted in creating technical documentation and user guides to support training initiatives.

CITY - Belgaum, Karnataka.

EDUCATION

GOVINDRAM SEKSARIA SCIENCE BCA COLLEGE, Belgaum (2018 - 2021)

— Bachelor of Computer Applications

Data Structures and Algorithms, Object Oriented Programming, Database Management System, Web Development

GOVINDRAM SEKSARIA SCIENCE BCA COLLEGE, Belgaum (2015 - 2018)

— Science (PCMB) - Physics, Chemistry, Mathematics and Biology.

PROJECTS

Client Bank

Nov 2023 - Present

Finacle 11x - CRM Module Customization and Enhancement

Role: Developer

Technologies Used: Java, JavaScript, PL/SQL, Finacle 11x.

Description: Led the customization and enhancement of the CRM module on the Finacle 11x and 10x platform to optimize client interactions and improve data management.

Key Contributions:

- Developed and implemented user-friendly interfaces using Java and JavaScript, improving user experience.
- Integrated third-party systems with Finacle using APIs and middleware, enhancing operational efficiency.
- Customized the CRM module to align with specific business processes and client requirements, enhancing customer interaction management.
- Created comprehensive technical documentation for the development, deployment, and maintenance of Finacle modules to ensure smooth project handovers and support.
- Collaborated with stakeholders to gather and analyze requirements, delivering tailored solutions that meet business needs.

Client Bank

Apr 2022 - Oct 2023

Finacle 11x - Loan Origination System (LOS)

Role: Developer

Technologies Used: Java, JavaScript, PL/SQL, Finacle 11x

Description: Contributed to the development and enhancement of the Loan Origination System on the Finacle 11x platform, improving efficiency in loan processing.

Key Contributions:

- Designed and optimized key functionalities, achieving a 20% reduction in loan processing times.
- Engaged in requirement analysis and collaborated with cross-functional teams to deliver effective solutions.
- Participated in rigorous testing and debugging, ensuring high-quality deliverables.
- Developed user manuals and training materials to facilitate smooth implementation and user adoption.
- Through agile methodologies, I have successfully completed tasks from concept to implementation. I ensure that the solutions I help create align seamlessly with the bank's strategic goals.

Strengths

- **Problem-Solving Ability:** Skilled at analyzing complex challenges and providing effective, innovative solutions.
- **Adaptability:** Quick to learn new technologies and adjust to evolving project requirements.
- **Collaboration and Teamwork:** Strong ability to work with cross-functional teams and stakeholders to achieve shared objectives.
- **Attention to Detail:** Focused on delivering high-quality work with accuracy and precision.
- **Time Management:** Efficient at prioritizing tasks, meeting deadlines, and handling multiple responsibilities simultaneously.

Certification

Infosys Certified L1 Junior Java Programmer

Infosys Certified L1 Junior Windows Admin Professional

Java 11 Essentials

JavaScript Essentials

Introduction to Unix

PL/SQL Foundation Course
